[Hiring Manager Name (if known), or "Hiring Team"]

[Hiring Manager Title]

[Company Name]

[Company Address]

Subject: Application for [Specific Job Title] - Ratan Kumar Patel, Ethical Hacking Trainer & Cyber Security Expert

Dear [Mr./Ms./Mx. Last Name, or Hiring Team],

I am writing to express my keen interest in the [Specific Job Title] position, as advertised on [Platform where you saw the advertisement]. With over six years of hands-on experience as an Ethical Hacking Trainer and Cyber Security Expert, I am confident in my ability to contribute significantly to your team and enhance your organization's security posture.

Throughout my career, I have specialized in delivering practical training in Ethical Hacking, Penetration Testing, Vulnerability Assessment and Penetration Testing (VAPT), and Cyber Threat Intelligence. At Equator Cyber Solutions, I successfully trained over 500 students, designed comprehensive modules covering OWASP Top 10, Metasploit, Burp Suite, Kali Linux, Nmap, and Nessus, and led red team/blue team exercises. My expertise extends to mentoring in bug bounty hunting and exploit development, consistently receiving excellent feedback for my training programs.

My previous role as a Technical Security Executive at Silent Front & Software Solutions further honed my skills in conducting VAPT on client networks, implementing mitigation strategies, and preparing detailed security reports. I am proficient in a wide array of tools and technologies, including Kali Linux, Parrot OS, Wireshark, and SQLMap, ensuring a robust approach to cyber defense.

I am a Certified Ethical Hacker (CEH) from EC-Council and hold a Master of Science in Cybersecurity & Information Assurance from Western Governors University. My commitment to continuous learning and practical application of cybersecurity principles aligns perfectly with the demands of a dynamic security environment.

I am particularly drawn to [Company Name] because of [mention something specific about the company that interests you, e.g., its innovative approach to security, its mission, a recent project]. I am eager to leverage my comprehensive experience in training, penetration testing, and threat intelligence to support your objectives and contribute to a secure digital landscape.

Thank you for considering my application. I have attached my resume for your review and welcome the opportunity to discuss how my skills and experience can benefit your organization. I am available for an interview at your earliest convenience.

Sincerely,

Ratan Kumar Patel
