PROFESSIONAL SUMMARY

Accomplished Cyber Security Trainer & Ethical Hacking Expert with **6+ years** of hands-on industry experience. Specialized in architecting and delivering high-fidelity practical training on Penetration Testing, Vulnerability Assessment (VAPT), OWASP Web Security, Network Hardening, and Incident Response. Actively mentored **500+ security students**, designed customized cyber warfare curriculums, and led mock Red Team exercise simulations. Open for immediate joiner roles.

CORE COMPETENCIES & CYBER TOOLKIT

Security Expertise:	Ethical Hacking, Penetration Testing, VAPT, OWASP Top 10, Network Firewall Security, Threat Intel, Incident Response.
Tools & OS:	Metasploit, Burp Suite, Nmap, Wireshark, Nessus, Aircrack-ng, OpenVAS, Kali Linux, Parrot OS, OWASP ZAP.
Training & Design:	Curriculum Architecture, Lab Engineering, Active Red Team Exercises, Exploit Walkthroughs, Bug Bounty Mentoring.

PROFESSIONAL JOURNEY

Ethical Hacker Trainer & Technical Security Manager

Equator Cyber Solutions | South Extension, New Delhi

2020 – Present

- Delivered immersive practical workshops on network defense, penetration testing, and ethical hacking to **500+ active students**.
- Architected comprehensive cyber range labs and designed standard educational courses covering Metasploit, Burp Suite, and SQLi bypasses.
- Facilitated enterprise security bootcamps, organized localized CTF (Capture The Flag) competitions, and trained corporate red teams.
- Led VAPT operations for private clients, prepared security posture matrices, and coached students in bug hunting and ethical disclosure.

Technical Security Executive

Silent Front & Software Solutions

2018 – 2020

- Conducted thorough Vulnerability Assessment and Penetration Testing (VAPT) across web applications, databases, and network firewalls.
- Monitored live system threat vectors, drafted actionable vulnerability reports with remediation timelines, and supported patch validation.
- Implemented secure baseline hardening rules, evaluated OWASP vulnerability metrics, and assisted clients in cyber threat mitigation.

EDUCATION & PROFESSIONAL CREDENTIALS

Master of Science in Cybersecurity & Information Assurance	Western Governors University Graduated 2023
